Kultuurikatel, Tallinn

THE ENTREPRENEUR EXPO

An exhibition of local businesses and organisations that support them forming a key part of European SME Week

MASTERCLASSES

Sessions with expert practitioners on a number of subjects such as start-up mentoring. Running in parallel with the main programme, these presentations will be held in two distinct seating areas in the Expo Hall.

*Subject to availability of space

POLICY SESSIONS

These are traditional moderated panel sessions on a range of topical policy dossiers, but with a twist. Two will incorporate a format called "Quickfire 3" where speakers share three insights (spending about three minutes on each), then take three questions from the floor, which they have to answer in thirty seconds.
